Life, Simplified.®

Everything at your fingertips

How many times has the light suddenly become magical and created a perfect shot just moments after you have put away your DSLR? These are the times that inspire our intuitively designed photo cases. You'll appreciate quick-and-easy access to your DSLR to capture that memorable shot, never fumbling for a camera already out of reach. While we provide protective solutions that deliver everything at your fingertips, it's the contemporary aesthetics and just right sizing of our bags that will catch your eye.

Ready for its global closeup

From capturing a spectacular sunrise to a game's first goal, these stylish, ready-to-wear camera bags help the would-be photojournalist document life's high points. Ranging from DSLR holsters, slings and backpacks to high zoom and point and shoot cases, these bags are pared down to carry your essentials—camera gear and daily personal items. Contemporary quilting enhances the casual aesthetic and reveals just how much padding is protecting your camera.

NOKI

NOKI Products

There are many variations of passages of Lorem Ipsum available, by injected humour, or randomised words which don't form a passage of Lorem Ipsum, you need to be sure there isn't anything here to distract the reader. Lorem Ipsum generators on the Internet tend to repeat predefined chunks as necessary, making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as the default dummy text of the type-setting industry. It is a long established fact that a reader will be distracted by the readable content of a passage of Lorem Ipsum, but the purpose of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. Various versions of Lorem Ipsum have been created by automated programs (injected humour and the like).

DYMO®

THE EASIER, THE BETTER

LabelWriter® 450

LetraTag™ LT 100H

Handheld personal label maker

LabelWriter™ IM Software

DYMO Label™ v.8 Software for PC and Mac®

Get great labelling results with a lot less work

Included with every LabelWriter 450 label printer, DYMO Label v.8 Software simplifies every labelling job - whether you print one label or hundreds.

- DYMO Label v.8: Create and print you favourite layouts from your PC or Mac
- Multi-application: Create labels directly from Microsoft Word, Outlook, Excel and CardScan, without retyping your text
- Built-in address book: Print labels straight from your contact list or from your Outlook or Mac Address Book
- QuickPrint widget: Print a single label quickly and easily
- Choose from heaps of pre-designed, customisable label templates
- Add logos, graphics, shapes and more to your labels

System requirements:
 PC: Windows® XP, Vista™, or 7
 Mac: OS® 10.4 or higher
 USB port, 50MB of hard disk space,
 and CD-ROM drive

Label and organise anywhere in your home

Small, sleek and super portable, the hand-held DYMO® LetraTag LT-100H makes it easy to organise each and every room in your home.

- Large graphical display enables you to see text effects before you print
- Prints 5 font sizes, 6 text styles and 8 box styles
- Easy-to-use navigation buttons for fast access to special features
- Prints 1- or 2-line labels
- Prints on paper, plastic, metallic and iron-on LetraTag LT labels
- Uses 4 AA batteries (not included) or optional AC adapter (not included)
- 9-label memory
- Date stamping
- 195 symbols
- Auto-off conserves power

Industrial Handheld Label Printer

DYMO

The ultimate labelling tool for fast, professional results.

Ideal for datacom, electrical, A/V, manufacturing and other professionals, the DYMO RHINO 6000 is loaded with features to make professional labelling easier and faster than ever before. Producing labels for wire and cable, electrical modules and patch panels is a breeze with the RHINO 6000's exclusive "Hot Keys" for pre-programmed label formats. The DYMO RHINO 6000 is PC connectable so you can download labels, data and graphics from your computer.

- Large two-line, backlit LCD screen for easy viewing
- One-touch, power cutter for effortless clean label edges
- Quick charge Li-ion rechargeable battery with on screen battery life indicator
- Save over 1,000 labels and recall them instantly
- Serialisation wizard enables increments for simultaneous series
- Barcodes: Code-39 & Code-128
- Impact bumpers protect against knocks and drops
- PC Connectable: prints from any Windows based program
- Download data or logos, upload data from field for documentation
- Choose from 7 text sizes for legibility and to fit text onto fixed length labels

Hot Keys – pre-formatted label templates for fast labelling:

- VWrap Advanced wrap function selects the right label length and text size to fit selected cable size or wire gauge
- PPanel / Module / TBlock Instant formats for patch panels, electrical modules and terminal blocks
- Flag / Vertical Flags for cable marking and vertical printing
- Fixed Enter the length for labels to meet your specs
- Symbol / Library Quick access symbol and library keys for 250 easy-to-find industry terms and symbols

Double A Paper Double A

Double a quality paper

Double A High quality paper renowned for its excellent performance and environmental friendly attributes is suitable for photocopies, printing with inkjet and laser printers and offset preprints. A4 /A3 paper:

1. Material: 100% wood pulp;
2. Size: A4, 210*297mm;
3. Weight: 70/75g/80g;

7 Advantages of Double A Paper

1. Smooth paper surface makes sharp printing and copying.
2. Two-sided usage gives the paper sheet high opacity.
3. Bright Appearance gives high print contrast to the printing.
4. Sharp cutting edges prolongs performance of copying machine.
5. Anti-curl quality reduces paper jams in the copier.
6. Low dust content minimizes copier running cost.
7. 500 sheets of paper guarantee in Each Pack "Double A Paper from Farmed Trees"

› Environmental management standard certification (ISO 14001:2004 , ISO 9001)
